Tuition and Fee Proposal
University of Kentucky

ACTION: The staff recommends that the Council approve 2006-07 tuition rates for the University of Kentucky.

Proposed 2006-07 tuition and mandatory fees for the University of Kentucky fall within the parameters established by the Council.

Undergraduate Resident Rates

Under the UK proposal, annual rates for full-time, resident undergraduates will increase from \$5,812 to \$6,510 for lower-division students, an increase of \$698. Tuition for upper-division students will increase from \$5,980 to \$6,698, an increase of \$718 (see Attachment A). This increase is approximately \$180 less than the maximum parameters of \$6,687 for lower-division and \$6,881 for upper-division.

Undergraduate Nonresident Rates

Under the proposal, nonresident rates will be \$13,970 for lower-division students and \$14,156 for upper-division students. This is approximately 2.1 times the rate charged to residents. The proposed rate meets the Council's parameter that requires nonresident rates be at least 1.75 times the resident rate.

Graduate and Professional Rates

Attachment A is a complete listing of rates, including graduate and professional programs.

Mandatory Fees

A separate listing of mandatory student fees may be found in Attachment B.

Tuition and Fee Revenue

Revenue from tuition and fees is projected to increase from \$186.9 million to \$206.5 million or \$19.6 million from 2005-06 to 2006-07.
